Building Boom

Great Many People Clamoring For New Home Construction But Contractors Cannot Accommodate Them Owing To Lack Of Labor And Scarcity Of Building Materials—A Lot Of New Buildings Now Under Construction.

We believe that we would be absolutely safe in saying that if labor in the building trades was obtainable and good building materials available, that 200 houses would be built in Grimsby this year. People are clamoring to get new homes constructed but owing to acute shortages the local contractors are unable to handle the great demand.

All contractors in every line have booked every job that they possibly can handle under the present situation and are turning down work in all directions.

Kids Are Kids So Are Oldsters

That Was Proved Out Tuesday Night At Lions Club—Whose Face Is Painted?

The biggest, the best, that Lions Club has ever held in Grimsby, not even bawling Ladies' Night, was the Father, Son and Daughter Night on Tuesday night in the Oak Room of the Village Inn. It was just one school kid occasion and to tell the truth a lot of the fathers and foster fathers were bigger kids than the kids they had with them.

Imagine Earl—Marvin, Carman Millyard, Charlie DeLaPlante and Ken Baxter sitting on the rostrum being made up like ladies, by their own daughters. It was a great act that Tall Twister Aub. Orich pulled, and did the kids like it.

New Boat Cruises Down Main Street

Citizens Get An Eye-Opener When They See A Full Fledged Tug On The Move.

It's a fine thing when nine ton tugs come cruising through Main Street. And it's even better when you find out that it's the first boat to be shipped by transport from the Russell Brothers Shipyards in Owen Sound.

The tug destined for service at DeCew Falls, was a trim craft, and appeared to have that "solid look" about it. Which is the second solid thing we've seen from Owen Sound this year.

The appearance of the strange sight, soon brought out the local yokels, and the quip from some unknown was good for a short laugh at least. "No—they aren't starting a fishing fleet on the Forty".

Good Government

ONTARIO LEGISLATURE PASSED 152 BILLS AT RECENT SESSION

Designed to aid and improve conditions throughout Ontario, one of the largest volumes of new and amended legislation was dealt with by the 22nd session of the Ontario Legislature recently concluded. A total of 175 bills was introduced, 132 being public bills and 44 private measures. Of these 152 were passed.

Included in this large volume of legislation are many measures implementing the Drew Government's progressive policies in the fields of health, education, law enforcement, agriculture, highways, welfare, etc. Particularly in health measures, under the direction of Hon. Russell T. Kelley, a bill was approved providing for free medical examination of all expectant mothers. Under this new departure, expectant mothers receive a free medical examination upon making application to a medical practitioner who forwards a report to the Department of Health. The doctor making the examination is to be paid a \$5 fee by the government.

Two new departments were set up under legislation introduced by Premier George Drew. These are, first the Department of Travel and Publicity, headed by Hon. G. Arthur Welsh, and the Department of Reform Institutions, headed by Hon. G. H. Dunbar. Departments dealing directly with these two problems are new in provincial administration. The Travel and Publicity Department will direct its work toward aiding the tourist business and publicizing the province. Officials estimate that the forthcoming season will be the largest in years with upwards of 12,000,000 visitors expected. The Reform Institutions Department will direct the new five or six institutions to be erected at various points throughout the province under the new policy for handling certain types of inmates.

Pictured above is the very fine String Ensemble from the United Studios, St. Catharines, which will give a grand concert in the Grimsby High School Auditorium on Thursday night, April 25th, featuring 40 outstanding children in songs, dances, and music. Among this group are several Grimsby and district children, under the direction of Mr. and Mrs. T. Ryson. The concert is sponsored by the St. Catharines Kinsmen Club and all proceeds go to the Cancer Fund.

Breeding And Raising Birds In Captivity Is A Big Job—340 Hens Will Produce 34,000 Eggs This Year—3,000 Birds Released Last Year—Breeding Farm At DeCew's Falls Is Mecca For Hunter Visitors From All Over Province.

"Toughie" is exhibit "A" to the hundreds of persons who visit the pheasant pens on the Pelham Road near St. Catharines, every week. "Toughie," on display right at the front of the long lines of pens, is the solitary confinement because he's so ferocious. Art Thompson, manager of the farm of the Niagara District Pheasant Breeders' Association, crept into the pen and immediately "Toughie" eyed him up and down, strutted around looking for an opening and then lit into his pantleg.

Members of the Association laughed that they are going to let "Toughie" loose to put the run on anyone who hunts on pheasant days who has not become a member of the Association.

Last year the Association had about 1,200 members in the two counties of Lincoln and Welland. These and many more are taking out new membership as the Association project is starting to boom.

The Association now has 64 breeding pens on Art Thompson's farm. They have 340 hens and 100 cockbirds, and the laying season has just started. About 100 eggs have been collected so far this year. The hens just lay the eggs anywhere in the straw in their pen, and Mr. Thompson and his son make (Continued on page 4)

Fruit Growers Charged By WPTB

Five St. Catharines Growers Before Magistrate—21 More Will Be—Sold Product Over The Ceiling.

(St. Catharines Standard)

Culminating a lengthy investigation by Wartime Prices and Trade Board inspectors under Chief Investigator C. R. J. Giffin, Toronto, 26 fruit growers in the St. Catharines fruit belt area will be charged with selling fruit during the 1945 season beyond the ceiling prices established by the WPTB.

Five of the 26 growers to be charged were arraigned before Magistrate J. H. Campbell and four entered pleas of guilty through their counsel Harry P. Cavers. The fifth grower pleaded not guilty and a hearing was set for April 23 when the remaining cases are set for trial.

BUILDING PERMITS FOR \$45,000 ISSUED BY TOWNSHIP COUNCIL

Fine Main Street Property Sold

Dr. A. Frank McIntyre Purchases Dr. Gordon Sinclair Residence—Has Housed Three Medicos In 120 Years.

At the weekend the deal was consummated whereby Dr. A. F. McIntyre purchased from Brig. (Dr.) Gordon A. Sinclair his fine home and property in the very heart of Main street.

A peculiar thing in connection with this property is that during its long years of existence it has only been owned by five people and three of them members of the medical profession.

The fine old house was constructed of very heavy barn timbers at least 120 years ago by the late Dr. Jonathan Woolverton. It was almost a ground level house. Upon the death of Dr. Woolverton it (Continued on page 5)

Eleven Applications For New Structures—Thos. Mackie Appointed Building Inspector—There Are Now 61 Year Around Families Residing Within Grimsby Bench—Estimates To Be Obtained For Waterworks Extension.

That North Grimsby township is going to enjoy an era of building prosperity along with the Town of Grimsby was very much evidenced at Township Council meeting on Saturday afternoon when no less than 11 permits for new buildings, for a total amount of \$45,400, were issued.

The permits issued were as follows:

John Winooski, Ridge Road east, one and one-half storey frame bungalow, \$6,500.
Gilbert A. Ryerson, Central avenue, Grimsby Beach, one storey and basement house, \$5,800.
Leonard C. Eames, of Hamilton, one storey frame residence, Park Road south, Grimsby Beach, \$8,500.
Violet Eileen Tickner, No. 8 Highway west, frame tourist lunch room, 20 x 32, \$1,200.
Geo. A. Hildreth, Grimsby Beach, one storey frame building, \$1,500.
Henry Robinson of Detroit, Mich., a one and one-half storey frame house in Grimsby Park, \$2,200.

Memorial Stone

A memorial stone is to be erected to those members of the Lincoln and Welland Regiment killed when their camp at Little High Broom, Crowborough, Sussex, England, was struck by a V.I. bomb. The stone, which will bear the names of those killed, together with a suitable inscription, will be erected by the residents of Crowborough as a token of gratitude to the Canadian troops who shared their dangers while acting as their protectors.

Good Old Days

THERE WAS NO BLACK MARKET: STEAK WAS SEVEN CENTS A LB.

The slender shoulders of the housewife of 50 years ago weren't burdened with anything heavier than her mantle. Feeding the family was a lead-pipe cinch, stacked up against the prices and problems of today.

The Evening Star of Toronto, in 1895 and 1896 gave almost unbelievable figures on the low cost of living of those good old days.

In 1895, with Christmas very near, the prices of turkeys ran up the ladder from six to eight cents a pound and finally stopped at the new high of 11 cents. Geese were seven cents; ducks, being scarce, went by the pair and soared as high as 70 cents for a really heavy pair.

Chickens, not as popular as turkeys, were 35 to 50 cents a pair; butter, 15 to 17 cents a pound, and potatoes 10 cents for a whole peck. Eggs kept at "a high price" and were 25 to 28 cents for a dozen. Meatprices were within reason, with beefsteaks from seven to 10 cents a pound, roast beef at five to eight cents, boiling beef two to

Soldiers' Banquet

Grimsby And North Grimsby Municipalities — Many Over 250 Servicemen Of Second War Sit Down To Festive Board As Guests Of Battles Fought In The Air, On The Land And On The Sea—Hitler Never Had A Chance.

Not in later years, if ever before, has there ever been as large an assemblage of people gathered in The Village Inn, as was there last night on the occasion of the civic banquet tendered to the boys and girls of this last war, who so nobly served their country, by the Town of Grimsby and Township of North Grimsby.

Over 250 all ranks sat around the festive board and discussed, in truly service style, a most pleasing repast served by Miss Peggy O'Neil and her efficient staff. At the head table was Mayor Henry Bull and Reeve Chas. W. Durham, not forgetting Padre Rev. Francis McAvoy.

The evening belonged to the boys and girls of the different fighting forces and they made good use of it. They met old friends that they had not seen in years and the memories of school days as well as army days were thoroughly revived. Boys and Girls from all parts of Ontario were there as well as from the United States. It truly was a great night.

Mayor Bull and Reeve Durham extended the hearty hand of welcome and also thanks for all that the lads and lassies of Grimsby and the township had accomplished in the last conflict.

Fighting Employees Of E. D. Smith And Sons Entertained At Village Inn—Fine Gathering.

Old Soldiers. Old Sweets. And Old Soldiers Never Die. They just Fade Away.

One would think that that was true, had they looked upon that assemblage of old veterans and young veterans in The Oak Room of The Village Inn on Monday night, when Brigadier Armand A. Smith, Major Llewellyn Smith, Lieut. Alastair Smith representing the firm of E. D. Smith and Sons, tendered a dinner to their employees, all veterans of either the first or last wars or both.

It was a fine gathering and Miss O'Neil and her excellent staff did justice to the occasion.

Marching songs of other days and of today were joined in heartily by the vets with Bert Gillespie at the piano. At the special request of Brigadier Smith, Miss O'Neil rendered two of her new (Continued on page 5)

Grimsby High School Choir—1945-46 Edition

In the past 15 years—ever since Gordon L. Eaton first took charge—Grimsby High School Choir has been an outstanding musical organization in the Fruit Belt. Some very fine voices have come out of the choir of the past that have gone on in civilian life to give pleasure and entertainment to other people. The 1945-46 edition of the Choir is, in the opinion of a lot of musical lovers and critics, the best that Mr. Eaton and Principal P. V. Smith have yet produced. They were only beaten by one point, a questionable point, in the Kiwanis Musical Festival in Toronto as the best School Choir in all Ontario. Mr. Eaton, Mr. Smith and the pupils are to be congratulated upon the success that they have attained and no doubt the musical education that they are now receiving will stand them in good stead in the years to come when they have to face the cruelties of the cold, hard world. This Choir will be the featured attraction at the Blossom Time Festival Musicals to be held this year on May 9th, 10th and 13th.

Store advertisements had lots of punch lines in 1896. A classical sample reads: "This morning at 8 o'clock hundreds of happy clerks await a battalion of buyers; at noontide whole regiments will be here, and later, before the clock strikes three, many will be debarrated from getting in at all. They will come from the north and from the south, from the east and from the west, like barn swallows winging their way to our great store."

CHAMBER OF COMMERCE IS REALLY DEAD

On the casualty list of the war you can add the name of The Grimsby Chamber of Commerce, for it is really dead, dead both ways from the middle, and so far as I can ascertain there is not much chance of reviving it, unless some entirely new blood jumps into the breach and gives the organization a shot of TNT.

When the war broke out the local C. of C. like other organizations of a like nature went dormant. Which was quite correct. But it is almost a year since V-E Day and no effort has been made by the officers in charge at the time of suspension to get the Chamber functioning again. Erwin Phelps was the President then and he has made no move to call a meeting to have the body get into active work. Robert C. Bourne was Secretary and he has through the years carried on some work that needed attention, at his own expense. Today and for weeks past he has been receiving all kinds of letters and other data in connection with the Chamber which have only found their way to his wastepaper basket, and rightly so, for why should he carry on the business affairs of the Chamber at his own expense.

As the situation stands now the merchants, manufacturers, and other businessmen of Grimsby are just a bunch of stotter bottles sitting alongside the road watching the world go by and plenty of golden opportunities with it.

Something has got to be done to get the Chamber of Commerce revived. We are missing too many opportunities, and will miss many more, to further develop our Town and Township in all lines of endeavour.

In this connection I quote a paragraph from an article which appeared in "The Lion" the official magazine of the Lions Clubs, published at Chicago, Ill. It is very timely and fits our case like the skin fits the banana. Here it is:

"There may be still some around who consider The Chamber of Commerce and a Lions Club are not partners. But such people will have no supporters in Whitefish, Montana."

"The Chamber of Commerce of that mountain town had slipped badly during the war years. The Lions Club was concerned to the point of establishing a committee to build it up. Within 24 hours of the meeting at which the committee was appointed, the Chamber had 65 new members, each pledged to support it for one year. The Lions Club sponsored the mass meeting for the election of officers to vacancies on the Chamber board, at which two of the directorship were filled with Lions."

There you are, folks. I claim that the mantle of responsibility for calling the first meeting of the Chamber and getting re-organization under way hangs squarely on the shoulders of Erwin Phelps, President of the Chamber at the time that it went dormant, not on the shoulders of the Lions Club. But if need be, I will personally go to the Lions Club and request them to appoint a committee to get the Chamber reorganized and back into active work.

Something has got to be done and done

right away or else in three years by will just be another whistling pee Grimsby. Instead of a sub-divisional jet on the point as at present.

Imagine the eyes of little Johnnie, who has known only wartime substitutes, when he sees an electronically controlled train with a locomotive puffing out white smoke rings, a jet-propelled airplane with seven-inch wingspread, aluminum scooters, sleds and roller skates, all light as a feather, and an automobile that looks like dad's with an automatic contraption that makes it practically steer itself.

And Jane will squeal with delight when she cuddles a talking doll with movable eyes and sees the double-decker crib in which to rock it. There also will be such long-absent dollhouse furniture as water kettles, hurricane lamps, and andirons.

While most of these wonders won't appear on store shelves until fall, the gates of toyland already have opened wide enough to insure a happier future for the little folks who have gone so long without.

Of course, we don't know yet what Johnnie's favorite will be, but his father can hardly wait for that electric train with the puffing locomotive

KING JAMES

(Collier's National Weekly)

The latest attempt to revise the King James version (1611) of the New Testament has now appeared in print, with a similar operation on the Old Testament expected to be completed about four years hence. It is the product of some earnest and distinguished Biblical scholars; and from what we've read of it, it is a flop, as all the others have been. It is called the Revised Standard Version.

In support of our low opinion of the work, we give you some comparative passages from the old rendition and from this newest one:

(King James) Glory to God in the highest, and on earth peace, good will toward men. (Luke 2:14)

Though I speak with the tongue of men and of angels and have not charity, I am become as sounding brass or a tinkling cymbal. (I Cor. 13:1)

And I say also unto thee, that thou art Peter, and upon this rock I will build my church; and the gates of hell shall not prevail against it. (Matt. 16:18)

The wind bloweth where it listeth. (John 3:8)

If any man love me, let the Lord Jesus Christ, let him be crucified. (Gal. 2:20)

him be Anathema, Mar-an-atha. (I Cor. 16:22)

(Revised Standard) Glory to God in the highest; and on earth peace, good will toward men with whom He is pleased.

If I speak in the tongue of men and of angels, but have not love, I am a noisy gong or a clanging cymbal.

And I tell you, you are Peter, and on this rock I will build my church, and the powers of death shall not prevail against it.

The wind blows where it will.

If anyone has no love for the Lord, let him be accursed. Our Lord, come!

The object of this inane watering down of the King James version is to popularize the Bible; to induce more people to read it. This, though the Bible goes on, year in and year out, being one of the world's top best sellers.

The catch is that the 54 scholars commissioned by King James I of Great Britain to translate the Bible in 1604-11 functioned at a time when the English language was in full, robust strength. These men's virtually flawless prose rendition—actually, poetry printed in prose format—has come rolling down the centuries in unsurpassed majesty, beauty, sonority. Much the same is true of the Douay New Testament, compiled by Catholic scholars at about the same time. You might as well try to rewrite Shakespeare, Boswell, Browning or Kipling. The enormous energy expended in these recurring attempts to improve on King James' men would better be shot off in more worth-while and more rewarding directions.

WELCOME! WELCOME!

The Daily Mail of London, England, recently said, "Britain's young people are turning from swing and jitterbugging to traditional English waltzes, lancers, quadrilles, shottisches and polkas—and their parents are teaching them the steps."

"This reaction from the extravagant forms of dancing introduced by American soldiers is so strong that on Saturday nights 500,000 people join in dances which were popular 30 years ago, and on week nights it is estimated that at least 300,000 attend the 'Gay Nineties' clubs all over the country."

"A music publisher said, 'The demand for old dance music is more than we can cope with at the moment. We sold our whole stock of printed copies months ago, and now we have to reprint from 30-year-old plates.'"

Isn't that welcome news? It won't be long until it strikes over here too. But it can't come to soon. Then when the girls and boys start talking, stop shouting, discard head diapers, pull up their socks, wear their clothes right side out, wash behind their ears and around their necks, won't it be a restful time for old eyes and ears.

'WAY BACK WHEN

Frank Fairborn, Jr.

The sale of the Dr. Sinclair property to Dr. McIntyre brings back a flood of memories, for it was in this old home on the 17th day of February 1890, at half past one in the morning that Dr. R. A. Alexander brought me into this world of turmoil and grief. There was a raging blizzard outside and I cried all night for fear that the Father would send me out in the morning to shovel snow.

Well, I do remember my kid days around this old place, being turned out to pasture in the big yard behind the livery barn, and despite the fact that I had been warned a thousand times to keep away from the colts heels I did not heed. I was throwing pebbles at the little thing and got too close when it let go with both hind feet and one of them caught me under the jaw inflicting a big gash. My says they could bear me yell in Beamsville. Dr. Alexander drew the wound together with court plaster (there was no such thing as adhesive tape in those days) and never left a scar.

Besides running The Independent the Dad had a big livery business, using from 40 to 60 horses. There was a big barn behind the house and another one behind the Lincoln House (Hotel Grimsby). I spent most of my time around the barns with the men and the horses and in the summer riding on the big high seat of the Grimsby Park bus with Alfred "Long" Tootler, (father of Mrs. James Cowland). These were the days before the H. G. and R. electric railway. It was nothing in the Spring and the Fall for 15 and 20 outfits of different kinds, with drivers, to be away for a week with commercial travellers visiting every little country store all over the district. Some with a couple of sample cases, others with as many as 15 and 20 trunks. In these days store keepers bought a year supply of goods at one time.

A livery business in a good town or village like Grimsby was a big business and a lot of men were employed. "Long" Tootler was Dad's right hand man and some of the men who I remember working for him were James M. Wentworth, Murray Dennis, "Buck" Wentworth, George McIninch and a whole host of others. Up in the corner of the main part of the old barn (which was built by the late Dr. Jonathan Woolvorton) was a small room. In this room were several skulls, a lot of other human bones and one complete skeleton, left when the Doctor died. I used to play with these gruesome toys.

Behind the house were always a couple of great long piles of cordwood, brought in by the farmers to pay their subscription to the paper. This wood was sawed up once and twice a year with a power saw, the power being a horse power, and used in the house and to fire the upright steam boiler that provided the power for the big newspaper press. In the Autumn the cellar was always full to overflowing with potatoes and vegetables of all kinds brought in by the farmers. What the household did not use the Dad peddled around the village.

It was in the old lane that no kids had an ice rink. On this rink "Dad" Farrell got his first lesson in hockey playing and I can safely say that this rink turned out, in "Dad", at least one star player. Next door on the east was the frame cottage of Jas C. and Sarah Farrell. I spent many happy hours with Grandma Farrell and must have eaten in my time at least a carload of her delicious cookies. In the Fall I used to help her peel and core apples and spread them out on trays in the sun to dry. Now they dehydrate them. "Henry" Shotton's Old Back Shop was

also there in those days.

Out in front of the house and down the lane was an old picket fence. The walk leading from the street to the front door was red brick. The locust trees were then saplings and in the back yard there were four or five mighty good apple trees. One of my earliest recollections of the old original house (before it was rebuilt in 1897) was falling down the tortuous, twisting, narrow staircase from upstairs and breaking my collar bone. Also I have a vivid recollection of the fancy wedding that was held in the house when Annie Starch, who was a lady composer in the office was married to Frank Brydges, a steamboat captain from Kenora (then Rat Portage). The marriage vows were taken in the parlor, which is now the living room of the house, on the west end.

After the house was remodelled Francis Hill (now of Hamilton, who has been writing some stuff for this column) and I had a carpenter shop (?) in the tower portion of the square tower and the attic was a nest of railroad tracks made out of lathe saved in two. The cars were cigar boxes with spoils for wheels. He was some years older than I was and pretty handy with tools. Some of that old track was still in existence when Shaffer Bros. remodelled the house in 1935 for Dr. Sinclair.

I have a lot of memories of that old home and could go on like this indefinitely, but suffice for this time.

Bouffant Frock Has Face Lifted

The bouffant evening frock, which had its heyday at the turn of the century, has had its face lifted by Irene, executive designer for M-O-M and is introduced by Judy Garland, Angela Lansbury and other feminine players in "The Harvey Girls", the new Technicolor hit at the RKO Theatre on April 22-23-24, with a special Monday matinee at two. And this gifted designer predicts that it will be adopted by the younger crowd all over the country.

These dresses have leg-of-mutton sleeves of course, but they can be modified for modern use. Otherwise they have all the features that are loveliest for evenings — dropped shoulders, tiny waists, full skirts which float through the dance.

All are made of crisp fabrics like taffeta, mousseline de sole, organza, stiffened lace, eyelet embroidery. Many are trimmed with lace, bunches of flowers placed intermittently all over the full skirt, velvet bows and streamers, hand-painted posies and ruffles everywhere.

What could be more appropriate for the first big occasion after the waning here returns?

Law And Facts

They tell this story of a lawyer and his young niece.

"Tell me, Uncle John," said the niece, "if a man had a peacock and it went into another man's yard and laid an egg, to whom would the egg belong?"

The lawyer smiled indulgently and replied, "Why, the egg would belong to the man who owned the peacock, but he could be prosecuted for trespassing if he went on the other's property to get it."

The child seemed much interested in the explanation, but when it was over she observed agreeably, "Uncle, did it ever occur to you that a peacock couldn't lay an egg?"

This will also be recalled as an era when two-bits was considered a mighty small bit.

SPORTOLOGY

(By Bones Livingston, Sportologist)

RIDING ON THE MERRY-GO-ROUND—Men's Bowling league finished their season last night. With the crazy, scrambled playoff schedule that they wound up with it is a wonder they are not all finished for good. That round-the-clock playdown system looked fine on paper but turned out to be a great thing for the aspirin manufacturers. In fact LITTLE WHIZZER owns a half interest in one of those pain relieving establishments by now . . . The real big battle of the year will be on Wednesday night, May 1st, when the legions gather around the festive board in The Oak Room of The Village Inn. My advice to Peggy is to hide the silverware. There is one good thing about it, the boys do not have to travel afield to hold their banquet this year . . . SHIRLEY CORNWELL with 274 and ALLAN McPHERSON with 264 won the War Savings Stamps last week in the teen-agers division while VICKIE METCALFE with 248 and SHERIE EYE BUCKENHAM with 302 the adults division of the money pot. . . Well, congratulations MR. BAXTER, K.C., for those three most excellent games, your 231-194-240 almost puts you in a class with your boss, the near perfect score trundler. I've got dough that says that it will never happen again . . . From the score sheets I observe that it is a good thing that GAS RAHN has STAN GIRLING on his team. . . Does getting elected to township councillors cause a person to bowl a better game. Seems to work that with LOUIE McNIVEN. He rolled a 352-196-190 for a 738 Monday night. . . JIMMY NEEDLE NOSE DUNHAM has broken forth in a new eruption. He says that when he was a boy on the farm at Elfrida he used to get up every morning at five o'clock and milk 35 cows before breakfast. Probably so, but they didn't serve breakfast in those days until noon. . . When the word came over the teletype the other night that PRESTON had sloughed down BOBCAYGEON and won the intermediate B championship HIG RUSHTON has up his sleeve or the other Wotta yew think of that, wotta yew think of that. Preston are champs. Why the PEACH KINGS could lick them and never work up a sweat. I seen them play. They are not in the same class with the KINGS. The third best team in Ontario wins the championship. Bah, there ain't no justice. Then Preston raves about the war veterans on their team. How about the 11 war vets on the KINGS. Best bunch of vets that ever wore skates. And so on into the night. The big boy was really in a lather. . . That Grimsby Baseball Club that received permission from the Board of Education to use the Public School grounds is a team of teen-agers from the High School. They are looking for a sponsor and also a league to play in. They may possibly join the Hamilton juvenile league. . . All is quiet on the softball front. What RUSHTON has up his sleeve or in his hip pocket he is keeping there, but it is an even money bet that come VICTORIA DAY he will be popping to the surface with a ball team of some kind. . . This column received a telepatch, from the Northern wilds the other day seeking information as to what lake LITTLE WHIZZER was going to fish in this summer. Self preservation. The fish will leave the other lakes and spend the summer in WHIZZER'S lake where they will be safe. . . Don't forget that the Canadian Legion is going to hold a big field day of athletic sports on VICTORIA DAY on the High School grounds and a big street dance at night.

Britons Who Can't Speak English

It must be a strange experience for Englishmen to find themselves surrounded by the truest of true Britons who cannot speak any English. Yet that can happen in some parts of Wales where there are still about 98,000 people who speak only Welsh. The total population of Wales is about two and a half millions; of this number, besides the 98,000 mentioned, there are 811,000 who can speak both Welsh and English, and there are one and a half million Welshmen who cannot speak English. The Ministry urges that all Welsh children should be encouraged to speak their ancient and beautiful tongue in which there is a wealth of literature. At the same time every Welsh child should receive an education that will enable him or her to earn a livelihood in any part of the country.

Randy's Pet Peeve ... Is Kissing

Randolph Scott, strong silent hero of the films and the more dreamy contingent of the bobby sox brigade has a pet peeve. Randy is perfectly at home with a sword in his hand, battling with his bare fists or scaling the mizzen mast. But when the heroine sets foot upon the stage his troubles begin. No, his pet peeve is NOT the heroine. But Randy loathes kissing sequences. And the heroine had better respect his peeve. A famous Hollywood beauty once overdid a kissing scene with him. In his gentlemanly way, Randy went to the director privately after a rehearsal and suggested mildly that she be restrained. Now starring in that romantic tale of men and ships and treasure, "Captain Kidd," coming to the Roxy Theatre on today and tomorrow through United Artists release, Randy has a role after his own heart. A man of action, he gets plenty of it when Charles Laughton, John Carradine and Reginald Owen get together in this Benedict Bog-eaus' presentation of Rowland V. Lee's production.

Despite the meat situation, there seems to be plenty of beefing.

This Is Your War

Health authorities say that the fear of cancer is more difficult to combat than the disease itself. This startling statement is made of a disease that is curable in a majority of cases if it is diagnosed and treated early enough. Yet cancer kills more people than any other cause except diseases of the heart, and is on the increase in Ontario.

This year, unless something is done, 7,000 men and women in Canada will die of cancer.

Something can be done, and will be done to fight cancer—if you make it your war. During the month of April a war against cancer is being waged all over Canada and the United States. Ontario's battle is being carried on by the Ontario Cancer Treatment and Research Foundation. You will be asked to assist the Foundation in

raising a minimum of \$2,000,000. You may be helping to save yourself, or someone you love, for one out of every six to eight persons now living must expect to die of cancer.

An optimist is the fellow who buys despite the cost just so long as he can make a down payment and divide the rest into installments.

Ten years ago, there were 685,000

Bell telephones in service. Today there are

over a million—56 per cent more.

EVERY time a new telephone is installed the scope of your service is enlarged. You may not need to call many of the new subscribers, but when you do, they are within reach—and it may be urgent.

We have added more than 75,000 telephones since V-E Day. As we bend all our efforts to catch up on delayed orders, the scope of your service will continue to grow—its potential value will increase.

In 1946 our outlay for expansion and improvements will exceed thirty million dollars.

We are losing no time.

Manager.

GOOD OLD DAYS

fine tweed suits, \$30. Suspenders, plain or embroidered, cheap at 75 cents, with New York extras, the latest, as high as \$1.75.

Men's heavy twilled cotton night robes, fancy embroidered, \$1 each; men's black perian lamb caps, \$5.99; ladies' perian lamb gaiters, \$3.99; ladies' Parisian silk velvet capes, beautifully embroidered, feather trimmed front and collar, quilted satin lining, at \$19.99.

These were the days when silk hosiery for women became popular and nylon hose were 50 years away. So little hosiery could be found and you got a seat while you looked them over at 25 cents a pair, full fashioned, too.

Mildly waved a fan coyly at evening parties so fans were popular gifts and called for advertising poetry like this one:

"I'd like my young man
To buy me a fan,
Of ostrich or satin
Or gauze, if he can!"

The feather fans retailed at \$1 extra special, with feathers on both sides.

There was backslapping at the island, then called "Toronto's 500-acre sandbar," and the Argonaut Rowing Club was even then "the place for good sportsmen." There was straw in the horse-pulled street cars to keep the travellers' feet warm in bitter cold weather, and proposed Sunday cars were being bitterly fought from many a pulpit and local hall.

GOOD GOVERNMENT

provided for in the budget, A record highway construction and improvement program is to be implemented with expenditures of \$45,000,000 to be made.

Complete revision of liquor sales is to be made under the Liquor License Act, a step designed in the course of temperance. Another measure introduced by Attorney-General L. E. Blackwell provides for widening of Provincial Police work by a new war-proved frequency modulation radio system. This will institute new methods in crime prevention, the new system knitting together the whole police system by permitting not only station to car two-way communication but car-to-car communication.

A new minimum wage for men is to be brought in by regulation. Minister of Labor Charles Daley announced subsidies on cheese, hogs, and sugar beets are continued for another year by measures introduced by Minister of Agriculture T. L. Kennedy. Another bill from his department sets up the Ontario Food Terminal to be built in York County for handling of fruit and produce. The Conservation Authorities Act provides for such authorities in various parts of the province, similar to the Grand River Conservation and Thames River Control commissions. Three municipalities within a watershed may proceed to create an authority under this measure to control flood conditions.

The session occupied 26 sitting days. This included nine night sessions, and one morning sitting. At prorogation, the historic mace, symbolizing the King's authority, and used at the first legislature held in Ontario on Sept. 17, 1792, was taken into the Chamber. This first session was at Newark, now Niagara-on-the-Lake. On April 27, 1812, this mace was seized by U.S. troops when capturing York. It was taken to Washington remaining there until 1834 when the late President Roosevelt directed its return here. Premier Drew announced it will be encased in glass and placed on exhibition in Parliament Buildings.

A select committee was appointed on motion of Premier Drew to study and report on membership indemnities.

HUNTERS' PARADISE

The rounds four times a day collecting the eggs and placing them in incubators. If they find an egg that has been pecked, they coat it with a tar-like substance and put it back in the pen. If the birds get a taste of the tar, they are cured of eating any more eggs.

Last year, Mr. Thompson kept close record of the eggs, and found that one hen laid more than 100 eggs. Usually a hen will lay 20 eggs and then stop laying until she hatches out her first family and looks after them. Later she may raise a second family. But this is too slow for the Pheasant Breeders Association.

They have found that by feeding certain laying mash they can get a heavy production of eggs. These are gathered promptly, so the hen's laying is never interrupted by long periods of nesting.

"If our 340 hens each produce 100 eggs this year, that's 34,000 eggs," calculated Vice-President William F. Jones. "If we get even a 50 percent hatch that would give us 17,000 birds. We should easily have 15,000 birds to liberate this summer."

Last year the Association was just coming into its own. They released about 2,000 birds in the two counties of Lincoln and Welland.

"We're not playing for peanuts," said Lance Dunn, who is chairman of the building committee. "These people like doctors, lawyers and busy business men aren't coming out here and working two or three days a week unless they're convinced we've got something."

"We aren't out just to have good hunting on two or three pleasant days in the fall. We visualize the day when we'll have a whole month open season for hunting pheasants, just the same as it was years ago. That would be better for the hunter, the farmer, and everyone else. We wouldn't have a jam of hunters in here for two or three days a year killing off everything; they'd take their time, and everyone would have a chance," holding up two brightly-colored cock birds. Mr. Dunn commented, "They are nice-looking birds, but they'll look a lot better to us over our gun sights."

The association which started three years ago with a few birds on the farm of Lyle Farnell, expanded last year and had breeding pens, incubators, brooder houses, and holding pens on the farm of Art Thompson, opposite the Power Glen School. This spring, the Ontario Department of Game and Fish recognized the work of the association, and worked with them to secure a lease of some land next to the school, leased by the Ontario Hydro Electric Power Commission. About 10 acres of this land will be occupied with brooder house and little runs, and holding pens. Another 10 acres will be planted in corn for feed. Farmers in the area are being approached and asked to leave some corn in their fields for feed for the birds.

FRUIT GROWERS

The growers who admitted violation of the WPTB prices are: R. W. Mox, R.R. 1; F. M. Bolton, R.R. 1; M. Lamont, R.R. 1, and Leon Agapi, R.R. 1. J. D. Taylor R. R. 2, denied guilt.

Magistrate Campbell indicated that penalties in all cases would be announced on April 23 when the remaining 21 cases are heard.

WPTB investigators said that the Federal Fruit Co., Toronto had purchased fruit largely peaches, plums and grapes, from the growers who are charged. In most instances a minimum of 10 cents in excess of the ceiling price per basket was paid for the fruit. This investigators say was the basis for "blackmarket" fruit sales in the Toronto area.

MAIN STREET PROPERTY

came into the possession of a man named Kitchen but he retained it only a short while when it was purchased in 1938 by the late Jas. A. Livingston, and the present editor of The Independent was born in that home.

In 1907 Mr. Livingston raised the house up on its present high foundation and completely remodelled it, adding the two towers that now grace it. In 1933 Mrs. Livingston disposed of the property to Dr. Sinclair who also remodelled it and added the addition at the east end for office purposes.

Now a third medico is in possession. The Independent wishes Dr. McIntyre every success in his new location. As soon as he takes over his new offices and home the Canadian Legion will move into the property he now occupies, they having purchased it for club house purposes.

Just to stop all arguments, the late Mr. Livingston erected the building now occupied by Rushton's restaurant, for a printing office in 1898.

OLD SOLDIERS

famous Irish songs which were greeted with rapturous applause. Bill West and his Saddle Pals from Beamsville received a great reception for their rendition of western and hill-billy music and song. The Ripley Team of Toronto in gymnastic and hand balancing were very well received.

A special and much appreciated guest of the evening, an old employee of the Smith Company, was Capt. Fred Woodcock, who was blinded and taken prisoner in the Dieppe raid.

Major Llewellyn Smith acted as toastmaster for the evening and Capt. Douglas S. Watson was Master of Ceremonies.

A little touch of the feminine was added to the enjoyment of the evening when Mrs. Armand Smith, Mrs. Llewellyn Smith and Mrs. Finney, silently crept into a corner of the Oak Room and watched all the proceedings unbeknownst to any of the guests until picture taking time came.

BUILDING BOOM

Earl and Joy Marsh on Kingsway boulevard is nearly completed and the family expect to move in shortly.

Foundations have been completed and frame work is now being rushed on the two new additions to the plant of the Grimsby Stove and Furnace Co., on John Street.

Work is still going on the new addition to the White Aircraft factory on Elizabeth street. Hydro Commission have recently installed three very large, outside, ground transformers to supply power to this factory.

Construction work is progressing in the conversion of the Gordon Hills house, at the corner of Main and Robinson, into a four apartment house.

Howie Ferris is taking out the foundation for the erection of a new bungalow at the corner of Maple avenue and Clarke street.

The frame work and outside sheeting of the new building for the Grimsby Cement Block Co., at the corner of Clarke and Robinson streets is completed and ready for the outside walls of cement blocks.

The new brick home of Charles Walker on Kingsway Boulevard is nearly completed and will be ready for occupancy by the end of the month.

Building materials are on the ground and the foundation is being taken out for the erection of John Anderson's new home on Maple avenue.

KIDS ARE KIDS

As usual the Inn staff served a wonderful repast and Lion Russell Terry can be very proud of the fact that over 100 sat at the tables. We think that the Foster Fathers were happier than the Mothers.

Our local medics "Jimmy" and "Frank" were the judges in the freckles contest, for which prizes had been donated by R. C. Bourne. The winners in this contest were Doreen Johnson, Elizabeth Crick, Marie Shafer, Judy Baxter, Frank Keegan, Jimmy Banks, David

Cameron, "Hank" Robinson. Lions themselves did not get a chance to do much business, other than that the local zone meeting will be held in Beamsville on Wednesday the 24th and a large delegation from the local club will attend.

Lion R. C. Bourne, Chairman of the Boys and Girls Welfare Committee outlined the work of this committee in all its various phases and Father O'Donnell, as a member of that committee, told of the work that had been done the past winter with the hockey league and introduced the championship team of the major division, the Canadians, captained by Don Rooker and the champions of the minor division, the Pittsburgh outfit, captained by Peter Phelps. The kids got a great kick out of it, and as did the Old Boys.

P. V. Smith introduced a budding parliamentarian in Arthur Dryden, a High School pupil who won the district oratorical contest at Beamsville Lions Club two weeks ago. He will compete in St. Catharines on April 30th for the finals, that are being sponsored by the St. Catharines Lions Club. This boy really has something and The Independent feels sure that he will uphold Grimsby when the big contest comes. We intend to publish his speech verbatim at the time that the big event takes place.

During the evening Bert Gillespie presided at the piano and also rendered a solo. Then Lion Chief Terry was called upon to perform a most pleasant duty and yet a very unpleasant duty. Bert who really is a Beamsville resident wished to transfer his allegiance to the Beamsville Club. Chief Terry presented him with his letter of transfer and also in token of appreciation from the Grimsby Lions a very suitable gift.

The kids wound up a wonderful evening watching the mystic performances of "Scotty" and Mrs. Lang and their son Roger. They really produced a great magicians act.

All told it was a great night for the kids, and the old birds too. Lions are to be congratulated.

VISUAL AIDS IN THE CHURCH

Buffeted by the years of warfare, shaped and moulded to a modern approach and understanding of the needs of to-day's society, the Church, built upon the unchanging and indestructible truth of life is banding its people together for the great task of building a lasting peace.

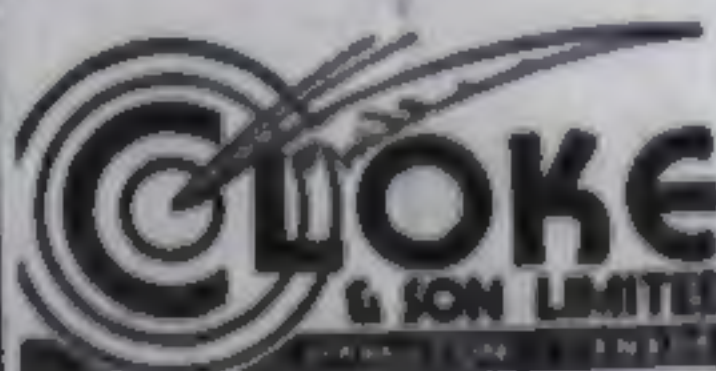

The Anglican Advance Appeal for Rededication and Thank-Offering makes manifest the part that the Church in Canada is taking in a World Movement of all Christian communions in laying the foundation for a permanent understanding between all peoples and the development of a better way of life.

A strip film entitled "A Mighty Fortress" will be released across the Dominion. It covers dramatically the growing need and development of a spirit of co-ordination among all people of good will. Through the growth of a savage ideology of blood and strife, the destruction of the cities of the old world, whole nations broken in spirit and filled with fear, is shown the work of the Church during the war years and the epic task that awaits it in the future. This film has been beautifully handled and the recorded narration with musical background builds a great atmosphere of realism throughout its presentation. It is indicative of the broad vision of the church that the modern handling of such visual aids shows in its increasingly successful effort to come into the every day life of its people.

How can you expect to keep the cows contented when darn few humans are satisfied.

IT'S THE COVERING THAT COUNTS

WEATHERPROOFED!

How perfectly the polar bear is protected! Its tough hide and thick fur make it weatherproof . . . Nature's own protection against penetrating Arctic cold.

Brantford Roofing, too, provides rugged, lasting protection against all weathers. To-day, while a

Dominion-wide program of home-building and home-repairing is in full swing—Brantford Asphalt Shingles are playing their vital part as the roofing chosen by thousands of Canadians, building new homes or re-roofing old ones. Smart, durable, dependable and fire-resistant—Brantford Roofing has long served countless Canadian homes.

Specify "Brantford" for assured protection, reasonable cost and ease of application. Make sure of lasting beauty, maximum weatherproofed satisfaction—with a roof that will not curl or warp or split.

WHO HAS ALL THE MONEY HE WANTS?

Joe Green is a steady worker with a steady job. He has always met his bills. But now, because of sickness, he suddenly finds he is short of ready cash . . . tomorrow he will go to his bank and arrange a Personal Loan.

You may find yourself in the same position as Joe Green. Anybody may! Personal loans through your bank make it possible for you to anticipate future earnings. This is an essential part of its services.

Such loans may be obtained to meet financial needs of many kinds; to lay in ahead a winter's supply of coal, to pay municipal or other taxes in time to earn the discount, to provide for home repairs, to send a boy or girl to college, to consolidate debts—indeed for any sound reason.

Bank credit runs through all personal life and commercial life. It operates silently and unobtrusively. You take it for granted. That is the way Canadian banking works.

Beaver Club

The Beaver Club held its regular meeting on Monday evening in the Church Rooms. Mrs. H. G. Mogg presided. Final arrangements were made for the Spring Tea which is being held Wednesday, April 24th, at the home of Mrs. Andrew Smith, Mountain St., from 3 to 5 in the afternoon and 8 to 10 in the evening.

Mrs. Mogg read a paper entitled "Understanding", which was very appropriate to the Easter season. Next Monday being Easter Monday there will be no meeting of the Beavers, but we hope for a large turnout of the Beavers and their friends at the Tea on the 24th.

Young Men's Club

Friday evening, April 12th, the Winona Young Men's Club held a banquet at the Innville Hotel, in honour of the Winona Hockey team. A chicken dinner was served and enjoyed by all. Guest speakers were Bill Esenicki, of the Toronto Maple Leaf team and Tim Daly, trainer of the Leafs.

Other guests were Father O'Donnell who entertained with card tricks, Mr. Barnes and Mr. Christmas of the Hamilton Kiwanis Club. The speakers were introduced by Mr. Alastair Smith, president of the Winona Young Men's Club.

A presentation was made to Mr. Thomas Collins by Father O'Donnell on behalf of the Winona Hockey Team, to express their appreciation for his helpful service throughout the season.

Trinity W.M.S.

The Easter meeting of the W.M.S. was held last Thursday afternoon at Trinity Hall, with an excellent attendance, and Mrs. John Miller, Vice-president, in the chair. Mrs. Spencer Merritt, who had charge of the program, read the Easter story as given in the 19th chapter of St. Luke, after which she introduced the guest speaker, Miss Gertrude Cass of All People's Church, Hamilton, formerly missionary in Korea.

Miss Cass gave a very fine address based on the quotation "And I saw a new heaven and a new earth, for the first heaven and the first earth had passed away". She also gave a most interesting true story of one Korean family, which illustrated so well, the wide-spread influence of even one sincere Christian family.

Mrs. Vickers sang a beautiful solo, which was very much appreciated.

Mrs. Atkins, in her own gracious way, moved a vote of thanks to both speaker and singer.

Others taking part were Mrs. Murphy and Mrs. Watt. At the conclusion of the program, refreshments were served by Mrs. John Miller, Mrs. J. Theal, Mrs. Egan, Mrs. B. Snyder, Mrs. Cason and Mrs. S. Merritt, and a social half hour was enjoyed.

Coming Events

TEA AND APRON SALE (also Opportunity Table) at the home of Mrs. Thomas Liddle, Main East, Friday afternoon, April 20th. Sponsored by St. Andrew's W.A.

The Annual Spring Tea of the Beaver Club at Mrs. Andrew Smith's, 34 Mountain St., on Wednesday, April 24th, 3 to 5 in the afternoon, and 8 to 10 in the evening. Table of Fancywork and miscellaneous articles. Everyone welcome.

Golden Weddings At The Inn

From present day weddings to Golden Weddings was the span of years that was bridged at the Village Inn this week.

On Monday Major (Dr.) and Mrs. Vance R. Farrell entertained at a double Golden wedding anniversary. Mrs. Farrell entertained for her parents Mr. and Mrs. F. R. Beecham, of Beamsville who were 50 years wedded on April 15th; Major Farrell was overseas when his parents, ex-Mayor Charles T. and Mrs. Farrell celebrated their 50th anniversary two years ago so he entertained them on this occasion. 35 guests were present and greatly enjoyed the special viands from the Inn cuisine, on tables prettily decorated with yellow carnations and candelabra with yellow candles. Mrs. Beecham and Mrs. Farrell were beautiful coronas of tallman roses.

In the afternoon Mrs. Beecham was at home to her many friends at her daughter's residence on Depot street and was the recipient of many beautiful bouquets and plants from relatives and friends. At the dinner in the Oak Room of the Inn guests were present from Hamilton, Rochester, Beamsville, Grimsby, Mr. Ralph Salter, F.C., of Toronto, a nephew of Mrs. Beecham and Mrs. Salter, were among the guests.

Last Sunday was a very heavy day at The Inn, the dining room being taxed to capacity at both luncheon and dinner.

There are a great many reservations booked for dinner tomorrow, Good Friday and for Easter Sunday.

Obituary

ALVIN L. ALTHOUSE

After a lingering illness of some months duration Alvin L. Althouse a life long resident of the Grimsby district passed away at his home on No. 8 Highway east on Saturday morning.

Deceased gentleman was born on the old Althouse homestead on the Ridge Road west, the son of John and Rachel Althouse and farmed there for many years. Some years ago he moved below the mountain and fruit farmed at the corner of Nelles Road and No. 8 Highway.

A man of quiet, genial disposition he had many friends throughout the district. He was a member of Trinity United Church.

He is survived by his wife the former Henrietta Madden.

Funeral services were conducted from his late home on Monday afternoon by Rev. W. J. Watt. Interment taking place in Queen's Lawn cemetery.

Women's Institute

The Women's Institute held a Grandmothers' Day meeting at the home of Mrs. E. Wilson, John Street on Tuesday evening of this week. Some beautiful Grandmothers' costumes were worn and old-time relics were displayed during the roll call. An old-fashioned wicker basket for gathering eggs, used many years ago, was brought in by Mrs. Wm. Layton. A spoon over 200 years old with an interesting history came from Mrs. A. Cason. Mrs. Ransom had an ancient Bible, and Mrs. G. Graham brought two bottles containing a miniature spinning wheel and gave interesting bits of history concerning them. An Orangeman's certificate of great age came from Mrs. Chas. Bird.

Mrs. George Warner, District Director, gave a report on the semi-annual District meeting held last week in Beamsville, and announced the date of the District Annual as June 12th, to be held in St. Catharines.

Mrs. Layton, President, explained that funds left over from Jam-for-Britain will be used for food for Britain.

It was arranged to have a Lady Tweedsmuir Scrap-Book prepared for the District Annual in June. Volunteers for the Clinic for May were Mrs. C. A. Marshall and Mrs. H. Harvey.

The winner of the special draw was Mrs. H. Burton. Ticket No. 20 was drawn on the dresser set donated by Mrs. C. Norman. Anyone having this ticket please call Mrs. Norman. If not called for before the next meeting—May 21st—another will be drawn.

The next meeting, which is the Annual Meeting, will be held at the home of Mrs. Eli Beamer, Murray St. There will be an election of officers and plans for the District Annual will be discussed. Conventions will be Mrs. C. Norman, Mrs. G. Warner, Mrs. G. Graham and Mrs. H. Burton.

Mrs. Alex Ryans entertained for a few minutes with an interesting talk called "The Diamond Ring", following which she and her committee served a delicious lunch.

You can remove dirt from most anything except a reputation.

Children's Aid

The regular monthly meeting of the Board of Directors of the Children's Aid Society of St. Catharines and Lincoln County was held last Thursday with Mr. Romane K. Ross in the chair.

The annual meeting of the Society had been scheduled for Tuesday, May 14, at the Welland House. Dr. Kenneth H. Rogers, executive secretary of the Big Brothers' Association of Toronto an past district governor of the Lina Clubs, will be the principal speaker. An invitation is extended to all citizens to hear Dr. Rogers, who will have up-to-date information on social welfare problems.

During the month of March there were 14 admissions to care, and at the present time there is a total of 231 children in the care of the Society.

Cubbing

Friday evening found the Pack having a lot of fun on the ballfield. Four teams were chosen and after a lot of hard playing the teams led by Frank Quider and Doug Kelterborn were declared the winners with Tom Little showing the boys how to hit a home run.

Returning to the gym the opening ceremonies were held around the Totem Pole, and the Grand Howl was taken by the Senior Sixes. During the collection of dues the Sixes took charge and reviewed with their Sixes the four knots required for the First Star Tests, these knots being the Clove Hitch, Bowline, Sheet Bend and Reef Knot. Later this knowledge was put into practice in a knot tying relay game.

The meeting closed with the Moose Howl followed by Prayer.

Brownies

A number of Brownies passed their shipping test at last weeks meeting.

The Fairy Ring was formed, the Brownie Promise, Law and Motto repeated and the Brownies sang their smile song. Brown Owl then enrolled Brownie Mary Phelps and she was welcomed into the Fairy Six.

Work progressed well with the Brownies learning to darn and some time was spent on the semaphore. The Junior Brownies have decorated very nicely a Nail Cleaning Box and First Aid Kit for use in the pack.

A singing game "The Muffin Man", was played and after a Pow Wow the meeting closed with taps.

On Saturday, April 13th, the Sixes and Secondaries of the Brownie pack travelled to Toronto, where they visited "The Royal Ontario Museum", and saw a presentation by the "Toronto Children Players" at Bator's Auditorium, "Red Riding Hood", a pantomime, and "Beauty and the Beast" a dialogue.

JANIE

The news of the week is the Oratorical Contest. The Junior contest was held on Friday, the Senior on Tuesday. (The Jr's requested that no Sr's be allowed during their competition! I wonder why?) Dr. Leckie, Mrs. Jones and Miss Glave were the judges for the Juniors, their choice of winners being Diane Sawyer as first in the Bible Verse speaking; Marjorie Morten second and Jennie Kiowak third. Steven Hooper came first in the oratory with his speech on "Lawrence of Arabia"; Jeanne Jarvis, second, whose topic was "Ernie Pyle"; Jacqueline Sawyer, third, who gave a talk on "Fame Over Night". Mr. Pettit, Miss Hosford and Miss Fraser were the Senior Orators. Judges. The winners for Bible Verse speaking were Leon Betzner, Margaret Dowie, Isabel Stevenson. The winners of the Oratorical Contest were Alice Robinson who spoke a "Roosevelt"; Gordon Ruse "Ding" and Alice Dennerling "An English Family".

Notice has been sent to the schools stating that "summons" will be issued for the following breaches of the regulations re bicycle traffic:

1. Riding other than single file.
2. Riding against traffic on the wrong side.
3. Riding without hands on the handle bars.
4. Riding with passengers on a bicycle.

The Annual Cadet Inspection is to be held on May 21st at 7.30 p.m.

Life at G.H.S. is getting dull—no news at all—no accidents—no scandal printable or unprintable.

Maybe we're saving up for Easter Holidays.

Past Masters' Night At Union Lodge

The Annual Past Masters' Night of Union Lodge was observed on Thursday evening last at Union Lodge, No. 7, A.F. & A.M. The evening was most successful. Very Worshipful Bro. C. H. Walker, as Master and his degree team, accompanied by a goodly number of Past Masters were introduced by Bro. H. Wilson, and welcomed by Worshipful Bro. W. M. Lawson. V. W. Bro. Walker after taking the chair proceeded to elect his officers and confer the degree work. The following Past Masters were officers for the evening: J. H. Culp, I.P.M.; C. H. Walker, W.M.; C. W. Lewis, S.W.; V. Farrell, J.W.; R. A. Lipsett, Treas.; C. Gowland, Chap. and Sec'y; R. C. Bourne, D.C.; J. L. Dunham, S.D.; H. G. Brownlee, J.D.; H. Lindensmith, I.G.; R. Theal, S.S.; G. Lipsett, J.S.; D. Cloughley, Tyler. At the conclusion of the business in the lodge room the brethren spent a most enjoyable half hour in the banquet room where they were entertained by Bro. Q'Pard, whose entertainment was much enjoyed by all.

Liberals Have New President

About one hundred members of the Lincoln Liberal Association, met in the Community Hall, Beamsville on Wednesday night, for the Annual meeting, as called for by the Constitution.

Acclaimed to office, as President of the Lincoln Liberal Association, was Lieutenant Colonel F. E. McCordick, who, in his short address of thanks to the members, stated that it was a great honour to him, as it had been to his father and grandfather, who had also held this office during their lives.

Elected to the office of 1st Vice-President was Wilfred Stewart, of Niagara Township. 2nd Vice-Presidency, will again be held by Mrs. Harry McCann.

Harry Cavers, St. Catharines Attorney, was elected to fill the Secretary-Treasurer's office.

Hon. Mike Dewan, former Minister of Agriculture during the Hephurn Administration was the Chief speaker, and said in part—"We I suppose, are at a low ebb in Ontario at the present time but often it is at a time like this, that the best work is accomplished, a strong and effective opposition, is of great service to the Country." Continuing Mr. Dewan paid tribute to Prime Minister King, who in his estimation, is the greatest statesman Canada has ever had.

Harry Cavers gave a graphic outline of the United Nations Organization, and of the Security Council. The purpose of the fifty one nations composing the General Assembly, is to maintain peace and avert wars, which stated Mr. Cavers, they should do, whereas the League of Nations failed.

Mr. Archie Haines, President of the Ontario Liberal Association, outlined briefly the purpose of the drive for funds, which the Association is now conducting. Mr. Dewan is assisting in this drive, which is to raise funds for substantial head-

quarter for the Association, and to assure financial support to the new leader of the Liberal Party, when his office is filled.

more plentifully than either lead or tin, and, while little used until recently, it is now used in its compounds in high-conductivity copper castings, tin bronzes, silicon bronzes, aluminium weldings, magnesium, aluminium and casting, and in the heat treating of metals. And now the explorers are on the hunt for this, the lightest of all metals. Some has already been found in Canada, and much more probably exists.

Provincial May Police The Town

Reeve R. A. ... accompanied by Council members, accompanied by Peter Robertson, Chester Elmer and Clerk H. N. R. Harry Banks to Commissioner W. J. Stringer's office, last Friday. Council agreement which the Council at was brought up last week, when some of the clauses met with their approval, while the remainder of the agreement whereby the Ontario Prov. Police would appoint a man to the Village as a full-time Constable.

The services of this man, would be for Beamsville exclusively, and it was learned that this service could be obtained for the same cost as under the present set-up.

Commissioner Stringer appeared eager to have the Village adopt this system, which may become compulsory in the near future, as municipalities of certain sizes will be compelled to adopt more police protection.

Council will probably meet in special session this week, or next, and this matter will certainly be on the agenda, along with the Fire Hall and Crescent Ave. project.

Busy Days At Stone Quarry

Another ten thousand tons of rock is going out of the Beamsville quarry. Monday afternoon King Paving Company arrived in Beamsville with a gigantic crane, and work started Tuesday on the removal of another large amount of the limestone rock from the local quarry.

Mr. Jack Prince of King Paving stated in an interview with The Independent that two cranes will be in operation, and at least fourteen dump trucks will be used, to transport the rock from the mountain site to the C.N.R. siding at Beamsville. Here it will be loaded on flat cars and shipped to the Bronte and Oakville district. He also said that the Company would be hauling rock to the lake front here. The Village sells the rock at a cost of one dollar per load to King Paving. Although regular drivers will be used, some local men are needed as truck operators.

New Electrical Store Completed

Mr. G. V. Housefield has completed his new electrical store on King street, and it is without a doubt one of the most modern stores in the village. Commencing immediately, Mr. Housefield will remodel the eastern part of this former McKeehan building, and another fine store will be available for rent, to a satisfactory business. The second store will be made into two modern apartments, which will give this building a complete change of face, and one that will do credit to any Main street.

As announced in the press some time ago, Mr. Housefield has not accepted the agency for any automobile manufacturer, and although this might be a reality in the future, nothing definite has been done at this time.

Women's Institute

The regular meeting of the Women's Institute was held on Tuesday afternoon with a very good attendance. The President, Mrs. R. A. Saunders, was in the chair.

Two hundred dollars was paid to the West Lincoln Memorial Hospital as final payment on the resuscitator. This machine was donated by the W.I. as a memorial to the men from Beamsville and District, who fought in this war.

Other funds to which the W.I. contributed, included the J.M. Fund for Britain (\$50.00) and the Cancer Fund (\$5.00).

Mr. Van Haren of the Vineland Experimental Farm was the speaker and gave an interesting talk on their work in the planting of trees and other matters of interest to this agricultural district.

Mrs. H. Canning gave two very delightful solos, accompanied by Miss Helen Tokavia, brilliant young Japanese-Canadian piano artist.

Afternoon tea was served to conclude the meeting. Mrs. Claude Tufford and Mrs. Charles Watterworth were the hostesses.

Lake Shore Items

The Lakeshore Circle met at the home of Mrs. Wallace Ryckman last week for its regular monthly session, and the highlight of the afternoon was the holding of an auction sale.

Articles were varied, consisting of everything from cakes to plants, and approximately twelve dollars was raised from this effort on behalf of the Lakeshore group.

Quigley Boys Are Back on Job

Going full-swing again in the firm of Quigley Plumbing and Heating, and we're sure glad to welcome these boys back to the fold.

The name Quigley has been a byword with plumbing in this district since 1930, when the late Frank Quigley founded the business.

The three sons, Jack, "Bud" and "Gord" are a capable bunch of boys, and their services are already in great demand. The Independent welcomes the name of Quigley back to the district for the service of the people in all lines of plumbing, heating and other lines of work pertaining to this trade.

Buys New Home

Merrill F. Thompson has purchased the Maclellan Estate on east King Street, consisting of the large brick dwelling and four acres of land. This home, located next to the late Senator Gibson's estate, has been in the Maclellan family for many years, being built by Beamsville's old Postmaster Hugh Maclellan.

Obituary

The sudden passing of Mrs. Charles Harris Culp, came as a shock to a host of friends in this district. Deceased was in her fifty-third year as death came at her Clinton Township home last Friday, April 12th.

Westinghouse
ELECTRIC RANGE

The joy of owning a Westinghouse Electric Range is in the superbly satisfying results you achieve in everyday cooking.

The fast, even-heat oven will accommodate a 21-lb. turkey or four pies at one time. The even distribution of heat will assure perfect baking results. Heat stays in the well-insulated oven.

The smokeless broiler will "grill" steaks as thick as you like—any way you like them—four at a time and with the least possible attention.

The circular dial-type switches make for a new ease of control and convenience, while you will be delighted with the easy-to-clean one-piece porcelain enamel body and cooking top.

Your Westinghouse Range will make every meal a triumph of achievement, and, to climax these achievements, you will enjoy the last word in speed, convenience and economy.

BEAMSVILLE NEWS

Trinity Choir

The Trinity United Church was the scene of a highly praised rendition of "The Seven Words of Christ", as rendered by the thirty five voices of the Trinity United Choir under the direction of Mr. William F. Tufford.

This masterpiece of Dubois was presented for all lovers of religious music, following the evening service, Sunday night.

Boy Scouts

by J. Hodges, P.L.

Well folks, the Scouts had a slambang meeting last night as they entertained the lively, and hungry, boys of the Winona Troop. The program these boys have made is really remarkable considering that they are a comparatively new troop.

The meeting started off with both Troops repeating the Scout Promise, which was followed by inspection taken by their respective Troop Leaders.

A sing song having been suggested by some anonymous person, the gang proceeded to give of the old favourites, like "Tipperary", "Down by the Old Mill Stream"

and numerous others, hard work-out. Even the commoner never dreamed they would ever sound like that.

A series of lively amuses showed in which everybody had a lot of fun and a few lost a bit of sin; there was one, I won't say who, but did quite a remarkable swan dive right down the middle of the floor.

Six of the Winona boys presented us with a short skit in which the main idea was to portray the conditions and service in restaurants today; judging from the laughter and applause it got I'd say it was good.

And then, the main event of the evening, the food; we were worried at first as to whether or not we had too much food; but the way these boys showed the hot dogs away our fears were soon laid away.

The Beamsville Troop has some new leaders that have just come up from the ranks to fill the places left by Bill Dawe A.A.S.M., Ted Boughner T.L. and Jack Hodges, P.L. who have stepped out to form an unofficial advisory committee. The new leaders are Bill Gable who is now Troop Leader, John Mierau who is now a Patrol Leader and Niel MacGregor who has also become a Patrol Leader. Be seeing you.

Property Sold

Mr. Harry Polych of Northern Ontario and of Vineland, has purchased the H. G. Humphrey building on Central Avenue and will take possession on or about the first of September.

Although we have not been able to contact Mr. Polych personally we understand that it is his intention to conduct a blacksmith shop and welding business.

This building we understand was the location of one of the first, if not the first, blacksmith shop in Beamsville, and for certain we know that around the turn of the century Peter Robertson operated a business there, featuring carriage building, machine repairing and horse shoeing was a specialty. At that time, North Street was the handle given this thoroughfare, since changed to Central Avenue.

Mr. H. G. Humphrey has already started work on the erection of a home on Mountain Street, on the old Purdy farm.

Trinity E.A.

The King Street residence of Mrs. Dr. C. R. Wray was the scene of the Easter Thankoffering Meeting of the Evening Auxiliary of Trinity United Church.

Mrs. Walker of Grimsby Mountain, was the guest speaker, and her timely topic was the Resurrection of Christ. Her address though an old story, was given in a brilliant fashion, and was much appreciated by those assembled.

A devotional period was held Mrs. C. R. Wray conducting this part of the evening, which was concluded with a social half-hour.

A patient is an animal who takes a doctor's advice when it is something the patient intends to do anyway.

Stuff Round Town

Wanted—A young ambitious boy to work full time, for delivery and to learn trade. A real opportunity for the right person. Apply Jerry Juniper, Beamsville.

(Adv.)

The Senior room pupils of Maple Grove School held another successful crokinole party last Thursday evening, in the gaily decorated school rooms, with Easter being the theme of the students' work on the blackboards.

Eleven tables were occupied by crokinole enthusiasts, and three tables were held down by the enthusiastic fans. Lois Stouck, Norma Eborall, Billy Wosik and Mrs. N. Eborall were crokinole winners, while each winners were: Mrs. L. Hipple, Frank Warner and two consolation prizes went to Mrs. Crimes and Mr. J. Stouck.

A tasty lunch was served at the close of the entertainment evening.

A lot of the boys are getting eager to tom the ball around, and plans are underway to call a meeting in the near future to formulate plans for a ball team for Beamsville. For the past three years a group of Beamsville-Clinton guys have maintained a hardball team with little or no assistance from the town, or any other organization. This year things should be different, but it is not up to the boys to ask for help, the Lions or the Chamber of Commerce should come forward and support a Beamsville team. With a lot of the boys back from overseas, there is no reason in the world why Beamsville should not have a strong entry in an organized league, but a venture like this necessitates the support of the town or a group of men who band together to promote just such endeavours as a ball team. The Lions Club is just such a group. How about it, Mr. Richardson?

May the Easter season hold joy for all, and let's not forget the real reason behind the Easter season. Attend your Church on Sunday.

At 11.10 Sunday evening the Beamsville Fire Department answered an alarm sent in from the residence of Mr. and Mrs. C. Romagnoli, located on No. 8 Highway about one and a half miles east of the Village.

Damage was restricted to the loss of a Hydro electric water heater, and slight damage to the ceiling of the room.

Radio Officer Rod Davis, son of Mrs. Ina Davis, Queen Street, left this week to join a new ship at St. John, New Brunswick, which will carry him to southern climes, their port of calling being Buenos Aires. As a member of the Merchant Marine, during the war, Rod is perhaps the most widely travelled Beamsville man, having covered a great portion of world's sea ports.

Spring is here, and this week the kids escape from the confines of their classrooms, for ten glorious days. 'Tis said that many a father is awaiting the extra help of his son or daughter for tying grapes, or the delightful task of picking up brush. Shucks! There just ain't no justice no-how.

Theatre report. Loads of concrete block and buff brick have arrived, and progress is being made on the cribbing for the back part of the theatre, and cement work is being completed on the basement under the foyer. Application has been made for a Charter, and this should come through in a short time. Get your tickets for opening night?

Trinity United

The Women's Association of Trinity United Church held their April meeting at the home of Mrs. Peter Graham, Livingston Ave., with thirty ladies present.

Meeting opened by singing a hymn, followed by The Lord's Prayer in unison, and the Scripture

BANQUET

The one outstanding bright spot in the large banquet hall was the centre table which was graced by the young ladies that served their King and Country in the different branches of the services and also by a war bride who had been in the service.

A most excellent floor show was presented by a troupe from Toronto that have only recently returned from overseas where they had been entertaining the troops in the field. It is almost deadline for The Independent to go to press, so this story is brief. Next week we will give you a more detailed account of all that happened, but you can rest assured that it was an evening that no one present will ever forget.

"Brother, It's All Yours!"

You may never have gone fishing, hunting, or camping—you may not even have a garden—yet, as a Canadian you are heir to the vast wealth of our forest lands; to a heritage of beauty unparalleled in the world.

Canadians by the tens of thousands depend upon the forest bounty. Every day more and more varied uses are being found for forest products. Great lumbering and pulp and paper industries have been built from them.

But is this great asset inexhaustible? This is a leading question. And the answer is thought-provoking. Without fire prevention, timber cutting control and research to cut down insect depredations—and above all, without your understanding support of every conservation method, our forests could vanish!

To help make knowledge of conservation available to everyone, Carling's have formed The Carling Conservation Club. *To join this club just write to Dept. (F13), The Carling Breweries Limited, Waterloo, Ontario. You will receive, without cost to you, authoritative and interesting information on conservation, from time to time.
